

"Doorway to Security"

CHICAGO METROPOLITAN MUTUAL ASSURANCE COMPANY

A Mutual Legal Reserve Company

HOME OFFICE - Chicago, Illinois

WILL PAY

The Amount of Insurance to the Beneficiary immediately upon receipt at the Home Office of the Company of due proof of death of the Insured occurring while this Policy is in force, subject to all the provisions and conditions of this Policy.

This Policy is issued in consideration of the application for insurance and the payment of the premiums when they are due as provided in the Policy.

The Schedule of Benefits, Premiums, and Policy Specifications on page 3 and the provisions and conditions on this and the following pages are part of this Policy.

At the option of the owner of the policy and upon surrender and written request for cancellation thereof within 10 days of delivery of the policy, the Company will refund any premium paid therefor.

Signed for the Company at its Home Office in Chicago, Illinois.

LIFE POLICY Premiums payable as shown in the
Schedule of Benefits, Premiums, and
Policy Specifications

PARTICIPATING

Harold W. Schuchman
PRESIDENT

Harris L. Green
SECRETARY

Clarence A. Bryant
REGISTRAR

All present values and net single premiums referred to shall
be based on the Commissioners' 1958 Standard Ordinary

Policy reserves shall be based on the same mortality and in-
terest assumptions and computed by the Commissioners'
Reserve Valuation Method.

GENERAL PROVISIONS

ENTIRE CONTRACT

This policy and the application, a copy of which is attached and made a part of this policy, constitute the entire contract. All statements made in the application shall be deemed representations and not warranties. No statement shall be used in defense of a claim under this policy unless contained in the application.

This policy will not take effect until it has been delivered and the first premium paid during the lifetime and good health of the Insured, except as otherwise provided in the receipt.

POLICY DATE

The policy years and all provisions for Loans, Cash Values and Paid-Up Life and Extended Term Insurance are computed from the Policy Date.

ENDORSEMENT AND MODIFICATION

No condition, provision, or privilege of this policy can be waived or modified in any case except by an endorsement on the policy signed by the President, Vice-President, or Secretary of the Company. No agent has power on behalf of the Company to make or modify this contract of insurance, to extend the time for paying a premium, to waive any forfeiture, or to bind the Company by making any promise or representation or by receiving any information.

CONTROL OF POLICY

The Insured shall be the Owner of this policy in the absence of a designation of some other Owner in the application or in an endorsement on the policy.

During the lifetime of the Insured, the Owner shall have sole ownership of this policy and shall be exclusively vested with all rights conferred herein including the right to change any beneficiary. However, the exercise of such rights of ownership shall be subject to the consent of any living irrevocable Beneficiary. Upon the death of an Owner, the

rights of the deceased Owner shall pass to the estate of the Owner unless otherwise provided.

The Plan of this policy may be changed by written agreement between the Owner and the Company.

BENEFICIARY

The Beneficiary of this policy is as designated in the application unless such Beneficiary is subsequently changed.

CHANGE OF BENEFICIARY

During the lifetime of the Insured, any revocable Beneficiary designation may be changed by written notice to the Company. The interest of the new Beneficiary shall be subject to any then existing assignment of the policy. Upon receipt of such notice at the Home Office of the Company, together with the policy for endorsement, the change shall take effect as of the date on which the notice was signed, whether the Insured be living at the time of its receipt or not, but without prejudice to the Company on account of any payment made by it before receipt of such notice at its Home Office. Any reference herein to a Beneficiary living or surviving shall mean living on the earlier of

- (a) the day due proof of the Insured's death is received by the Company at its Home Office, or
- (b) the tenth day after the Insured's death.

DEATH OF BENEFICIARY

Unless otherwise provided, if any Beneficiary, either revocable or irrevocable,

- (a) Shall not survive the Insured, the interest of such Beneficiary shall vest in the Owner, or
- (b) shall die within ten days after the death of the Insured and before receipt by the Company at its Home Office of due proof of the death of the Insured, payment of the proceeds of this policy shall be made as if such Beneficiary had not survived the Insured.

SCHEDULE OF BENEFITS, PREMIUMS AND POLICY SPECIFICATIONS

This policy is issued at the age shown, which is the Insured's age last birthday on the Policy Date, based on the date of birth as given in the application. If the Policy Date falls on a birthday of the Insured, the age last birthday will be deemed to be the age attained by the Insured on the Policy Date.

POLICY BENEFITS	AMOUNT	*Payable to Age	PREMIUMS

CHICAGO METROPOLITAN MUTUAL ASSURANCE COMPANY

For information about this policy, write to the Company at its Home Office or consult an Agent of the Company.

Loan interest at the rate of seven per cent a year payable in advance will be payable on each policy anniversary. If interest is not paid when due, it will be added to the loan and will bear interest at the same rate.

Failure to repay the loan or to pay interest will terminate this policy when the indebtedness equals or exceeds the Loan Value and thirty-one days after notice has been mailed to the Owner and any assignee of record with the Company at the last known address.

Repayment of a loan may be made in full at any time while this policy is in force except as extended term insurance.

Partial payments may be made as agreed upon with the Company.

AUTOMATIC PREMIUM LOAN

This provision may be elected by request in the application or by written request to the Company prior to default in payment of a premium and will thereafter be in effect, subject to the Loan Provisions, until such election is revoked. Any premium remaining unpaid at the end of the grace period will be paid automatically by loan. If there is insufficient value to pay the premium due or if the mode of payment is monthly, the Nonforfeiture Options shall become operative.

DIVIDEND PROVISIONS

ANNUAL DIVIDENDS

The proportion of divisible surplus accruing upon this policy shall be determined annually by the Company. Such share of surplus as shall have been determined and apportioned by the Company as a dividend shall be available under any of the following options.

OPTIONS

1. Paid in cash.
2. Applied toward payment of a premium due, provided the balance of the premium is paid before expiration of the grace period.
3. Applied to purchase non-participating paid-up additional insurance payable under the same terms and conditions as this policy. Paid-up additions in force may

be surrendered at any time for a cash value equal to the present value of such additions at the date of surrender.

4. Left with the Company to accumulate interest at a rate of not less than two per cent per annum compounded annually. Outstanding dividend accumulations may be withdrawn in cash at any time.

AUTOMATIC DIVIDEND OPTION

If no option is selected, dividends will be applied under Option 3.

DIVIDEND AT DEATH

On the death of the Insured, such dividend as may be allocated will be credited to this policy for the fraction, if any, of the then current policy year elapsed before such death.

SETTLEMENT OPTIONS

AVAILABILITY

The person having control of this policy may, by written request to the Company at its Home Office, and with the written consent of the assignees, if any, elect to have the proceeds of this policy paid in accordance with one of the following options. The Beneficiary may in like manner elect one of the following options as the mode of settlement after the Insured's death, if no previous election is then in force.

OPTION ONE—Installment payments for a Fixed Period.

To have the sum payable, together with interest on the unpaid balance at the effective rate of two and one-half per cent per annum, paid in equal, consecutive, periodic installments for a selected fixed period of years in accordance with Table A.

OPTION TWO—Life Income with Payments Guaranteed for a Fixed Period.

To have the sum payable paid in equal consecutive, periodic installments for a fixed period of years and so long thereafter as the payee shall live, in accordance with Table B, C, or D. In no case may a payee commute the installments under this option.

OPTION THREE—Installment Payments for a Fixed Amount.

To have the sum payable, together with interest on the unpaid balance at the effective rate of two and one-half per cent per annum, paid until exhaustion in consecutive periodic installments of a selected fixed amount. The final installment shall be the balance of the proceeds and interest.

OPTION FOUR—Proceeds Left at Interest.

To have the Company retain the sum payable and pay interest thereon at the rate per \$1,000 of \$1.65 monthly, \$4.96 quarterly, \$9.95 semi-annually, or \$20.00 annually. This option shall be available only for the payment of death or maturity claims. If specified in the election, withdrawals of \$100.00 or more from the sum retained may be made on interest due dates. The balance under this option may be paid immediately if the amount held at any time is less than \$1,000.

GENERAL PROVISIONS

Unless otherwise stipulated at election and concurred in by the Company, the first installment under Option One, Two or Three shall be payable as of the date of death, maturity, or election of cash value. The first payment under Option Four shall be payable one interest period after death or maturity.

The effective interest rate of two and one-half per cent per annum shall be deemed to be the rate of .2060% monthly, .6192% quarterly, or 1.2423% semi-annually in computing installments for such intervals.

The Company reserves the right to make payments quarterly, semi-annually, or annually, or to reduce the number of years during which payments shall continue, or both, if necessary, in order to avoid making periodic payments of less than \$25.00.

If a settlement option has been elected by any other than the payee, such payee shall not have the right to assign, encumber, alienate, or commute any payment thereunder, unless such right is given in the election.

AGF refers to the age of Insured as shown in the Policy Specifications at the policy inception date. YLNI refers to the number of years completed since the policy date of issue. Renewal of Extended Term Insurance does not vary by amount of insurance, but Cash or Loan values and Paid-Up Insurance values will be prorated if the amount of insurance is other than \$1,000.

TK 2 (9-65) 20 P.L. (MGLS 30-59)

CHICAGO METROPOLITAN MUTUAL ASSURANCE COMPANY

WAIVER OF PREMIUM BENEFIT

Provision for Waiver of Premiums in Event of Total and Permanent Disability attached to and made a part of this Policy.

CONSIDERATION

The consideration for this Benefit is the application for it and the payment of premiums payable on the same dates and under the same conditions as the policy premiums. The premium for this Benefit is included in the premium stated in the policy on page 3, and is payable only while this Benefit is in force. Any premium on the policy falling due after the Expiry Date of this Benefit shall automatically be reduced by the premium for this Benefit. Except as otherwise specifically provided, this Additional Benefit shall be subject to the terms and conditions of the policy to which it is attached.

BENEFIT

Should the Insured, prior to the Expiry Date of this Benefit, become totally and permanently disabled, as defined, the Company, subject to the conditions set forth below, will waive payment of each premium falling due under the policy to which this Benefit is attached during the existence of such disability. No premium due more than one year prior to receipt at the Company's Home Office of written notice of claim shall be waived. Dividends and other benefits provided by the policy shall not be reduced because of the waiver of any premiums under the provisions of this Benefit.

DEFINITION OF DISABILITY

Total disability shall mean disability resulting from bodily injury or disease, occurring after the Policy Date of the policy to which it is attached, which wholly and continuously prevents the Insured from performing any work or engaging in any occupation for remuneration or profit. For purposes of this Benefit, total disability which has existed continuously for a period of at least six months shall be presumed to be permanent, but only for the purpose of determining the commencement of liability.

The Company will also recognize as total disability the entire and irrecoverable loss of sight of both eyes, or the loss by complete severance through or above the wrist or ankle joints, respectively, of both hands or both feet or one hand and one foot.

The Company does not assume the risk and shall in no event incur any liability under this Benefit if total disability shall result directly or indirectly, wholly or partly from (a) intentionally and wilfully self-inflicted injuries, while sane or insane, or (b) service in the military, naval or air forces of any country at war, declared or undeclared.

NOTICE OF CLAIM

Written notice of claim must be received by the Company during the continuance of total disability for which claim is being made and during the lifetime of the Insured and not

more than one year subsequent to the Expiry Date of this Benefit. Failure to give written notice during such time shall not invalidate any claim if it is shown that it was not reasonably possible to give written notice within the time required, provided notice was given as soon as was reasonably possible.

In case any premium is in default when notice of claim is received no premium shall be waived unless (a) such notice is received within one year from the due date of the premium in default and (b) total and permanent disability for which claim is being made commenced prior to the end of the grace period for payment of the first premium in default. If total disability commenced during the grace period for payment of the first premium in default, such premium with interest at 5% per year must be paid to the Company before any premium will be waived under this Benefit.

PROOF OF DISABILITY

Due proof of total and permanent disability must be furnished the Company before any premiums will be waived under this Benefit. As a part of such due proof the Company may require that the Insured be examined by physicians designated by the Company.

The Company shall have the right at any time while premiums are being waived under this Benefit to require due proof of the continuance of total disability of the Insured. However, after premiums under this Benefit have been waived continuously for a period of two full years following the date of approval of the claim, the Company will not require such due proof more than once a year. As a part of such due proof the Company may require that the Insured be examined by physicians designated by the Company.

If at any time either (a) the Insured ceases to be totally disabled, or (b) due proof of the continuance of total disability is not furnished when required by the Company, the waiver of premiums under this Benefit shall cease and premiums falling due thereafter shall be payable as provided in the policy.

TERMINATION

This Benefit shall terminate under any of the following conditions:

- (1) Upon default in the payment of any premium;
- (2) Upon expiry or maturity of the policy, or if and when a nonforfeiture provision of the policy becomes operative;
- (3) Upon the policy anniversary on or next following the Insured's sixtieth birthday;
- (4) Upon written request for cancellation on the due date of any premium. The Company reserves the right to require the policy for endorsement in this event.

ACCIDENTAL DEATH BENEFIT

Provision for Additional Benefit in Event of Death by Accidental Means, attached to and made a part of this Policy.

CONSIDERATION

The consideration for this Benefit is the application for it and the payment of the premiums, payable on the same dates and under the same conditions as the policy premiums. The premium for this Benefit is included in the premium stated in the policy on page 3, and is payable only while this Benefit is in force. Any premium on the policy falling due after the Expiry Date of this Benefit shall automatically be reduced by the premium for this Benefit. Except as otherwise specifically provided, this Additional Benefit shall be subject to the terms and conditions of the policy to which it is attached.

THE BENEFIT

The Company will pay the amount of the Accidental Death Benefit specified on page 3, in addition to the other proceeds payable upon the death of the Insured as provided in the policy, subject to the conditions, provisions and limitations contained in this Benefit.

PROOF OF DEATH

Due proof shall be furnished the Company at its Home Office that death resulted directly and independently of all other causes from bodily injury effected solely through external, violent and accidental means of which, except in the case of drowning or internal injuries revealed by autopsy, there is a visible contusion or wound on the exterior of the body, and that such death occurred within 90 days after sustaining such injury. The Company shall have the right and opportunity to examine the body and to make an autopsy, unless prohibited by law.

RISKS NOT COVERED

This Benefit shall not be payable if the death of the Insured shall directly or indirectly, wholly or partly result from:

(a) suicide or injuries intentionally inflicted by the Insured, while sane or insane; (b) injuries intentionally inflicted by another person due to provocation by the Insured's own conduct, act, or words; (c) any poison, drug, or sedative, gas, or fumes, voluntarily or involuntarily, accidentally or otherwise, taken, administered, absorbed or inhaled; (d) committing an assault or felony; (e) military or naval service in time of war or any work in connection with actual warfare; (f) war or an act of war, whether declared or undeclared, or insurrection, or participating in a riot; (g) service, travel or flight in any species of aircraft, except as a fare-paying passenger in an aircraft operated on regular schedule by an incorporated passenger carrier over its established air route; (h) or was contributed to by disease or illness of any kind or physical or mental infirmity, or bacterial infection other than that occurring simultaneous with or in consequence of an accidental cut or wound.

TERMINATION

This Benefit shall terminate on the earliest of the following dates or events:

- (1) Upon default in the payment of any premium;
- (2) Upon expiry or maturity of the policy, or if and when a nonforfeiture provision of the policy becomes operative;
- (3) Upon the anniversary of the policy on or next following the sixty-fifth birthday of the Insured;
- (4) Upon written request for cancellation on the due date of any premium, in which event the Company reserves the right to require the policy for endorsement.

POLICY VALUES

Payment of premiums for this Additional Benefit shall not increase the nonforfeiture benefits or cash or loan values under the policy.

Signed for the Company at Chicago, Illinois

It is agreed that any insurance issued on this application shall not take effect until the policy has been delivered to me and the first premium thereof has been paid and accepted by the Company or its authorized agent during my lifetime and good health. I also agree that payment of the first premium shall keep the insurance in force only to the date fixed in the policy for payment of the next premium.

I agree, if required, to be examined by the Company's Medical Examiner, and that my statements in this application and to the Medical Examiner, if any, are made for the purpose of obtaining this insurance. My acceptance of any policy issued on this application will constitute ratification by me of any correction in or addition to this application made by the Company and noted in the space provided for "Corrections and Additions for Home Office Use only," provided, however, that no alterations shall be made by the Company which affects the amount, classification of risk, plan of insurance or benefits, unless agreed to in writing.

I expressly waive, to the extent permitted by statute, on behalf of myself and on any person who shall have or claim any interest in a policy issued hereunder, all provisions of law forbidding any physician or other person who has heretofore attended or examined me, or who may hereafter attend or examine me, from disclosing any knowledge or information which is thereby acquired.

I hereby declare that my answers to the questions on Part I and Part II and of the medical examination blank, if any, which together constitute my application to Chicago Metropolitan Mutual Assurance Company for life insurance, are complete and true to the best of my knowledge and belief and I agree that they shall form a part of the contract issued by said Company on my life.

Proposed Insured

Applicant

NONFORFEITURE OPTIONS

OPTIONS

On the due date of a premium in default, or within sixty days thereafter, the Insured may select one of the following options:

- (a) **Cash Value**—This policy may be surrendered for the net cash value. The net cash value shall be equal to the tabular cash value shown in the Nonforfeiture Values plus the value of any paid-up additions and dividend accumulations and less any indebtedness.
- (b) **Paid-up Insurance**—This policy may be continued as paid-up life insurance for such amount as the net cash value will purchase as a net single premium at the then attained age of the Insured, last birthday, according to the mortality table and rate of interest specified below.
- (c) **Extended Insurance**—This policy may be continued as non-participating extended term insurance for the Amount of Insurance plus the amount of any paid-up additions and dividend accumulations and less any indebtedness and for such period from the due date of the premium in default as the net cash value will purchase as a net single premium for term insurance at the then attained age of the Insured, last birthday, according to the mortality table and rate of interest specified below.

AUTOMATIC OPTION

If no other option has been selected by the Insured, Option (c) shall be automatically effective from the due date of the premium in default.

If the policy contains Additional Benefits listed separately in the Schedule of Benefits on page 3, such benefits shall not be continued under the nonforfeiture options, but shall terminate without value at the end of the grace period allowed for the payment of the premium in default, unless otherwise provided in the policy.

CASH VALUE OF PAID-UP OR EXTENDED INSURANCE

If this policy is in force as paid-up insurance or as extended term insurance, the Company will pay, upon surrender of the policy, a cash value equal to the present value, as of the date of surrender, of the future guaranteed benefits provided by such paid-up or extended term insurance less any indebtedness thereon to the Company. If surrender occurs within thirty days after a policy anniversary, the cash value shall be the cash value as of such anniversary.

NONFORFEITURE VALUES

The Nonforfeiture Values show the cash value, the paid-up insurance, and the period of extended term insurance for completed policy years, upon the assumption that premiums have been fully paid for the years stated and that there is no indebtedness. Corresponding values for dates other than a policy anniversary or subsequent to the years shown will be computed on the same basis, with allowance for the

lapse of time and payment of premiums beyond the beginning of the policy year in which default occurs. Values for years subsequent to those shown will be furnished on request.

Any existing indebtedness to the Company secured by this policy will reduce these values in the manner stated above.

COMPUTATION OF VALUES

Cash values, for each \$1,000 face amount, are computed by the Standard Nonforfeiture Value Method, using the Nonforfeiture Factor shown with the Nonforfeiture Values and adjusting to the over dollar. Nonforfeiture values are not less than the minimum required by the laws of the jurisdiction in which the policy is delivered. A detailed statement of the method of computing such values has been filed with the insurance supervisory official of such jurisdiction.

All present values and net single premiums referred to shall be based on the Commissioners 1958 Standard Ordinary

Mortality Table, except that the Commissioners 1958 Extended Insurance Table is used for extended term insurance. In either case, adjustment is made for issue on the basis of the age last birthday. Calculations assume the payment of death claims at the end of the policy year in which death occurs and are based on interest at the rate of three per cent per annum compounded annually.

Policy reserves shall be based on the same mortality and interest assumptions and computed by the Commissioners Reserve Valuation Method.
