GENERAL PROVISIONS Cont'd

ASSIGNMENT

The Company shall not be charged with notice of any assignment of this policy until the assignment or a duplicate is filed with the Company at its Home Office. The interest of any revocable Beneficiary shall be subject to any assignment by the Owner. The Company assumes no responsibility for the validity or effect of any assignment.

CLAIMS OF CREDITORS

The proceeds and any income payments under this policy will be exempt from claims of creditors of the Beneficiary to the extent permitted by law and may not be assigned or withdrawn before becoming payable unless otherwise agreed to by the Company.

MISSTATEMENT OF AGE OR SEX

If the age or sex of the Insured has been misstated, any

amount payable under this policy shall be such as the premium paid would have purchased at the correct age or sex.

INCONTESTABILITY

This policy will be incontestable after it has been in force during the lifetime of the Insured for a period of two years from its Policy Date, except for nonpayment of premium. This clause shall not apply to any provisions relating to disability or additional accidental death benefits which may be made a part of this policy.

SUICIDE

If the Insured commits suicide, while sane or insane, within two years from the Policy Date, the amount payable by the Company, in place of all other benefits, will be equal to the premiums paid less the amount of any loan advanced and not repaid to the Company.

PAYMENT OF BENEFITS

CONDITIONS OF PAYMENT

All payments by the Company under this policy are payable at its Home Office. In any termination of this policy by reason of death, surrender, or otherwise, any indebtedness due the Company on this policy shall be deducted, and the return of the policy may be required.

If the Insured dies during the grace period, any premium due shall be deducted from the death benefit proceeds of the policy.

Any dividend accumulations outstanding or paid-up addi-

tions in force at the death of the Insured and the portion of any dividend payable for the fraction of the policy year current at date of death, will be paid as part of the death benefit proceeds of the policy.

DEFERMENT

The Company may defer payment for a period not exceeding six months after request is made for either the cash surrender value or a policy loan for a purpose other than to pay premiums due on policies in the Company.

PREMIUM PROVISIONS

PAYMENT

Premiums are payable for the period or periods stated in the Schedule of Benefits, Premiums and Policy Specifications or until the prior death of the Insured. Each premium is payable on or before its due date, either at the Home Office of the Company, or to an authorized agent. An official receipt signed by the President or Secretary of the Company and duly countersigned will be given.

Any premium after the first which is not paid on or before its due date is in default. This policy will then terminate except as provided under Grace Period, Automatic Premium Loan, and Nonforfeiture Options.

If a part of the premium ceases to be payable under an Additional Benefits provision stated on page 3, the premium will then be reduced accordingly.

MODE OF PAYMENT

Premiums on this policy are payable annually. Subject to approval by the Company, premiums may be made payable semi-annually, quarterly, or monthly at applicable rates, as may be elected in the application for this policy. The mode of premium payment may be changed on any policy anniversary to any other mode for which a premium is shown in the Policy Specifications on page 3.

LOAN PROVISIONS

LOANS

The Owner may borrow money from the Company, upon completion of a form satisfactory to the Company, by assigning this policy as the only security for the loan(s).

Loans may be made at any time when a Loan Value is available and if this policy is not being continued as Ex-

tended Term Insurance. The Loan Value during any policy year while this policy is in force will be the net cash value as defined in Option (a) in the Nonforfeiture Options, less loan interest and unpaid premiums to the end of the policy year. Any indebtedness will be deducted from the Loan Value in determining the amount of the loan available.
