Managing Your Policy

Each month we review your Contract Fund and Premium Account. Provided that any outstanding Loan Amount does not exceed your policy Cash Value, your policy will remain in force as long as at least one of the following conditions is met:

- Your Contract Fund *exceeds* a dollar figure that we refer to as the Tabular Contract Fund.
- OR
- Your Premium Account Balance is *positive*.

Your Contract Fund Review

Your Contract Fund reflects premium payments, investment experience, charges, and withdrawals. The status of your Contract Fund as of April 1, 2025, is:

Contract Fund	\$142,120.54
Tabular Contract Fund	43,075.20
Contract Fund <i>exceeds</i> Tabular Contract Fund by	\$99,045.34

Your Premium Account Review

As long as your Accumulated Net Premium Payments equal or exceed your Accumulated Premiums Due, your Death Benefit is guaranteed at \$60,000.00, regardless of investment performance. The status of your Premium Account as of April 1, 2025, is:

Accumulated Net Premium Payments**	\$113,803.71
Accumulated Premiums Due	110,404.81
Your Premium Account has a <i>positive</i> balance of	\$3,398.90

** Please note that accumulated net premium payments are generally not equal to the investment in the policy, i.e. the cost basis, which is used in determining whether or not distributions from the policy are taxable.

You can transfer from the investment options listed in the Investment Options Profile. A total of four transfers can be made a year.

Transfers from the Fixed-Rate Option and the Real Property Account are subject to additional restrictions that are described in your prospectus.

To reallocate or transfer funds, call (800) 778-2255.

You can change your future premium allocations at any time.

In accordance with the investment experience of the options you selected, the Cash Value and Variable Death Benefit may increase or decrease. For information about the financial condition of the portfolios and the investments held in each, you can refer to your Semiannual or Annual Report.

Your Contract Fund Net Investment Rate of Return

Your estimated Contract Fund net investment rate of return for the past year was 6.07 percent. Your overall Contract Fund annual net investment rate of return since the date you originally purchased the policy was estimated to be 7.89 percent. This investment rate of return is calculated after investment management fees and expenses, and the mortality and expense risk charges are deducted. In addition to market fluctuations throughout the year, the timing and amount of your premium payments and the policy charges can affect your rate of return.

Past performance is not indicative of future results.
